A Message From The Ohana Makaala Kupuna and
THE ABORIGINAL HAWAIIANS

The Hawaiian Waianae students who toured cities in Canada gave a good example of our Aloha Spirit. Yet, this is only a small portion of what will be given to all our tourists who come to Hawaii when the Hawaiian Home Lands are turned over legally to the Aboriginal Hawaiians.

The publicity to mask our racial and economic tensions can fool your countries people when they are safely at home, but here in Hawaii nothing is being done to get to the real root of the problem, Economic Security for the Aboriginal Hawaiians. With no hope of being able to afford a modest house and small property on the islands that bred their Aloha Spirit, racial tension will continue to increase.

The Ohana Makaala Kupuna does not advocate violence. It is already here. We see the root of the problem, the cure, and the means to achieve justice. The means is to ask the help of all tourists to By-Pass Hawaii for the needed push to make our politicians take the only path that is honorable; Give the Aboriginal Hawaiians their Home Lands.

=====

Our politicians know the root of the problem. They are not stupid. Yet, their political friends, some of the largest land and corporation owners in the state have been using thousands of acres of Hawaiian Home Lands. Giving full control of the Hawaiian Home Lands to the Aboriginal would greatly inconvenience these large land and corporation owners financially and politically.

The interests of these large land and corporation owners and of course, the Federal, State, and Counties' convenient access to these lands must be protected as a Number 1 priority. Worries of tourists safety and Hawaiian unrest must be quelled by any means other than signing over this valuable land.

=====

When we say that "All legal procedures to benefit the Aboriginal Hawaiians have been tried during the past many, many years with minute success or none at all," This is true.

When we say "We are known as a peaceful people, but we have been pushed too far," this is true. Our Hawaii politicians are not stupid. They know this is true. So true, in fact, that they do not want it to get-around to the ears of the Hawaii residents.

The U.S. mainland and other countries where our tourists come from have been publishing the facts unrestrained, backed-up by simple research.

=====

If our Hawaii politicians could see where this hiding and covering-up will lead to, they would give the Aboriginal Hawaiians their Home Lands.

Hawaii can not afford close scrutiny of its dirty laundry on the worlds clothesline. In doing our homework we see many, many things that the State would be ashamed of, lying in between the Aloha and the flowers. These facts will be published in leaflet after leaflet.

If our Hawaii politicians from the top down continue to cover-up the true tensions here and the reasons for them, and the tourists blithely come into our State and get hurt, who is to be blamed? Who has the power to correct the problem at its root?

OVER

The Ohana Makaala Kupuna believes that if the tourists listen with open hearts and minds to our honorable request to By-Pass Hawaii at this time, and we get what we are asking for our people, Gods blessing will go with you and us.

When the Ohana Makaala Kupuna calls our tourists back, they will be shown and given the true Aloha Spirit which no money in the world can buy. This is our promise to you which will be fulfilled completely.
